Chibub and Bunubu: The Worm Who Wanted Wings
With caring friends and safe teamwork, even big dreams can take flight.

One morning, Bunubu found a little worm named Wiggleton staring up at the blue sky.

'I wish I had wings,' sighed Wiggleton. 'I want to see the garden from way up high.'

Bunubu smiled kindly. 'Maybe you do not need wings. Maybe you need friends who can help you fly safely.'

Bunubu called Chibub, who floated down from the clouds with a bundle of soft sky thread.

Together, Chibub and Bunubu gathered broad leaves, bendy twigs, and a fluffy dandelion cushion.

They built a gentle leaf glider just the right size for Wiggleton, with tiny vine straps to keep him safe.

Chibub tested the breeze, and Bunubu checked every knot. Then Wiggleton climbed aboard with a brave little wiggle.

The leaf glider floated through the garden, over carrots, flowers, and sparkling puddles.

Wiggleton laughed with joy. 'I can see the whole garden!' he cheered. 'It is even more beautiful than I imagined.'

When the glider landed softly on a mossy patch, Wiggleton thanked his friends. He had learned that dreams can lift off when kindness, care, and teamwork give them wings.

About the Author

Vijay Kukreja

Vijay is a creative writer, technologist, and storyteller who enjoys turning simple ideas into imaginative stories for young readers. His stories are shaped by his own experiences, observations, family life, and curiosity about how technology can support human creativity.

With the help of AI tools, Vijay explores characters, scenes, visuals, and story worlds in new ways. He uses these tools not as a replacement for imagination, but as a creative partner to help bring playful ideas to life.

His goal is to create fun, warm, and engaging stories that children can enjoy, parents can share, and families can read together.
